

BROADCAST ENGINEER

News Bulletin of AIR and DD Engineers' Association New Delhi (R.No. 39393/82)

July 2011

Restricted Circulation to AIR & DD Engineers. Edited by : P.N. Bhakta, Devesh Kumar

There is a famous European proverb quote "Every end is a new beginning" and there is an equally famous American proverb quote "It's never ending till it's over"

Whatever we say there is always a break, a pause, a coma or an evening. It is time when wise people sit cool, look back and analyse the day which has just past. It is time to celebrate the achievements and evaluate the failures encountered during the day. At this juncture when the term of the current body of the association is coming to an end and we are bringing out the last Broadcast Engineer from this body, I call upon all the executives, CWC members and all the esteemed members of the association to analyse the activities of your association in past two years.

I feel quite happy to see some of the achievements coming out during the last days of the association. We have been able to get some of the DPC's done, which has raised the hopes that the remaining ones will also move through. The pay parity order from the Ministry of I&B is beginning of one big relief. Only few officers have got the benefit in the first batch and it should be the endeavour of the association that this benefit reaches to each and every eligible member of our association. Thanks to the cohesive and concentrated efforts, the much awaited order of the change of designation has also been issued.

I know this is just the tip of the iceberg. We have to achieve much more and I am sure that with the true spirit of collective working for the common goals of all the members irrespective of their caste, colour, region and age, the association will continue its stride towards achieving further heights in future. While congratulating all those who have been involved in making these dreams come true, I call upon all the members of the association to stand united forever.

In exercise of the powers vested with President, I am pleased to appoint Shri S. K. Singh, Director (Engg), O/o Addl. D G (NZ), AIR & Doordarshan, Jamnagar House, Shahjahan Road, New Delhi, The Election Officer to conduct the elections of the office bearers of the Association as per constitution.

My heartiest best wishes for each one of you. May God Bless Us All.

(P K Singh)
President, ADEA
